

Lesson 5 - Closing a positive premises

In this lesson you'll use the Investigation Summary form to:

- ❖ place the premises in surveillance mode
- ❖ Once all monitoring is complete and the quarantine is released, enter a quarantine release date.

Step 1

Retrieve a current Investigation Summary by using the **Choose a View** query feature in the upper right corner. Select **Incident Management** from the View Categories drop down box. Select any option from the Choice drop down box.

Step 2

After retrieving the Investigation Summary, click on the **Disposition and Controls** tab.

Step 3

Click on the **EDIT** button. When the Disposition & Control form appears, click on the clock icon next to the Quarantine Date field. From the calendar that appears, select the date the quarantine will end. Select the applicable zone (i.e., Surveillance) from the drop down box next to the Zone field. Click on the clock icon next to the Disease Control Date field. Select the date all control work will be finished.
